Human resources

- Providing technical support from CARE's WASH Roster for Emergency Deployment.
- Advising COs on WASH staffing/competences profile/ToRs/skills mapping/recruitment.
- Building WASH network and learning resources.

The WASH Team consists of:

Nick Brooks – Emergency WASH Team Leader

Nick currently leads the team and is based in the UK. He provides overall leadership for CARE International in the emergency WASH sector, maintaining technical and strategic oversight for WASH responses worldwide, and managing the emergency WASH team and our roster of deployable staff. He has a current focus on CARE's Type 4 responses and has worked in CARE Country Offices in Sierra Leone, Vietnam, Pakistan, India, Indonesia, Turkey, Lebanon, Jordan, South Sudan, Uganda, Nepal and KRI. Nick is also responsible for CARE's engagement with the Global WASH Cluster, and is a member of the Technical Working Group of the WASH Humanitarian Innovation Fund. Nick speaks English and Spanish.

Beth Karanja – WASH / Gender Advisor

Beth is based in Vietnam and has worked in CARE Country Offices in Nepal (twice), Myanmar, Cambodia, Vietnam, Fiji, Vanuatu (twice), Syria (twice), Niger (twice), Chad, the Mano River sub-region, Kenya, Mozambique, Uganda and Bangladesh. Her position focuses jointly on gender and WASH in emergencies. Beth previously worked as a Public Health Promoter in Oxfam GB's emergency team. Beth speaks English, French, Kiswahili and Kikuyu.

Offer of Service

CARE International Emergency WASH Team

Evarest Ochola – WASH Specialist – CARE International Rapid Response Team (CARE Canada)

Evarest started with CARE in July 2016 and is based in Uganda. He has worked in CARE Country Offices in Syria (three times), Bangladesh, Uganda (twice), DRC and Zimbabwe. Evarest is a water engineer with previous experience with Oxfam GB, Oxfam Intermon, IMC, MSF and CAFOD/NCA.

Julien Labas – WASH Specialist – CARE International Rapid Response Team (CARE Canada)

Julien is based in France and is available for WASH support worldwide. His recent WASH team deployments include Sudan (twice), Bangladesh (twice), Syria, Ethiopia and DRC. Prior to joining the Emergency WASH Team Julien undertook consultancies with CARE Cameroon, Chad and Madagascar. He has an MSc in Water Management (Community Water and Sanitation) from Cranfield University. Julien has also worked for Unicef, WHO, ACF and the low cost technology specialist, Practica Foundation. Julien speaks French and English.

WASH Roster for Emergency Deployment

The WASH roster contains experienced personnel able to deploy in various technical functions to support COs with emergency responses. There are currently around 50 WASH members on the roster, with some positions deployable within 72 hours. Recent deployments include Iraq, Vanuatu, Sierra Leone, Myanmar, Turkey, Lebanon and Uganda.

Cost Recovery

Deployments are normally undertaken on a cost recovery basis at \$550 USD per day for the Team Leader and \$450-500 USD per day (based on a 6 day week) for WASH Specialists, in line with the CI Emergency Cost Recovery Policy. Travel, per diems and accommodation and any other in-country costs are also covered by the CO. All deployments must include a review of emergency WASH preparedness, capacity, and capacity development options, and a gender analysis for WASH.
