Table 1: Prices of key items			
Item	Unit (i.e. box, piece, kg)	<i>Price before the project start date<sup>1</sup></i>	Price today
1.			
2.			
3.			
4.			
5.			
B.3 In case of price variation, what can explain it? (NB: if the answer is "shortage of goods" try to understand the underlying cause of this shortage and tick the appropriate box) <input type="checkbox"/> Seasonality <input type="checkbox"/> Cash transfer from CARE project <input type="checkbox"/> Cash transfer from another project <input type="checkbox"/> Other, specify			
B.4 Compared to <i>date-before the project start date</i> , are there as many traders selling those key items on the market? <input type="checkbox"/> Yes, more traders <input type="checkbox"/> Yes, same number of traders <input type="checkbox"/> No, less traders  In case of variations, what can explain the change in the number of traders?			
B.5 Compared to <i>date-before the project start date</i> , are there as many key items being sold in the market? <input type="checkbox"/> Yes, more items <input type="checkbox"/> Yes, same number of items			

<sup>1</sup> You may not want to collect this data at this stage as you should already have it as part of your initial market analysis. It may however be good to provide it to enumerators (i.e. pre-filled the questionnaire) so they have a basis for comparison

☐ No, less items

In case of variations, what can explain the change in the number of items in the market?

**B.6** Compared to *date-before the project start date*, is the quality of the key items being sold at least the same?

☐ Yes, better quality

☐ Yes, same quality

☐ No, lower quality

In case of variations, what can explain the change in quality?

### **C. Knowledge of the project**

**C.1.** Do the traders on the market selling key targeted items know about the CARE project?

Trader 1

☐ Yes ☐ No

Trader 2

☐ Yes ☐ No

Trader 3

☐ Yes ☐ No

Trader 4

☐ Yes ☐ No

**C.2.** If yes, did the project have an impact on their business?

Trader 1

☐ Yes ☐ No

What impact?

Trader 2

☐ Yes ☐ No

What impact?

Trader 3

☐ Yes ☐ No

What impact?

Trader 4

☐ Yes ☐ No

What impact?
